Dear Appeals Review Committee:

**SUMMARY OF APPEAL**

MUSC Health is submitting this formal provider reconsideration on behalf of patient Violet Gerhold (MRN: MUSC5753947, Member ID: BCB657213008, Group: GRP-77365) regarding the denial of Claim ID MUSC-9D0C-3 for services rendered on June 27, 2026, at MUSC Health Rutledge Tower Ambulatory Care. BlueCross BlueShield of South Carolina denied the claim in full — \$466.22 billed — under CARC 18 ("Exact duplicate claim/service") and RARC N522 ("Duplicate of a claim processed or in process as a crossover/coordination of benefits claim"), with the payer remark stating: "Claim appears to duplicate a previously adjudicated claim." MUSC Health respectfully disputes this determination. The claim at issue represents a single, discrete, and uniquely billed encounter and is not a duplicate of any previously submitted or adjudicated claim.

**CLINICAL BACKGROUND**

On June 27, 2026, Violet Gerhold, a nine-year-old established female patient, was evaluated by Amara J. Boone, NP (NPI 1203948576) at MUSC Health Rutledge Tower Ambulatory Care, an on-campus outpatient hospital facility (Place of Service 22). The visit was billed under CPT code 99214, representing an office or outpatient visit for an established patient of moderate complexity, with a primary diagnosis of J06.9 (Acute upper respiratory infection, unspecified), Revenue Code 0510. The claim was submitted on July 2, 2026, five days following the date of service, well within standard timely filing parameters.

## **BASIS FOR APPEAL**

The denial under CARC 18 and RARC N522 is not supported by the facts of this claim. A duplicate denial requires the existence of a previously adjudicated claim for the same patient, same date of service, same provider, and same procedure. MUSC Health has reviewed its billing records and confirms that Claim MUSC-9D0C-3 was submitted once, on July 2, 2026, for the June 27, 2026 encounter. No prior claim for this specific date of service, rendering provider, and CPT code combination has been submitted or paid by BlueCross BlueShield of South Carolina.

RARC N522 further suggests this denial may relate to coordination of benefits or crossover claim processing. MUSC Health's records do not reflect any secondary payer involvement for this claim, nor has any crossover transaction been identified. If BlueCross BlueShield of South Carolina has identified a specific previously adjudicated claim number that it believes conflicts with this submission, MUSC Health respectfully requests that information be provided so it may be investigated and resolved promptly. Absent identification of a specific prior paid claim for this same service, the duplicate denial lacks a factual basis and the full allowed amount of \$270.85 remains outstanding and unpaid.

Correct adjudication of outpatient evaluation and management services is governed by established CPT coding guidelines, and payers are obligated under applicable prompt-pay and appeal-rights standards to process clean claims accurately and to provide a meaningful opportunity for provider reconsideration when a denial is issued. This appeal, submitted in advance of the November 4, 2026 deadline via the My Insurance Manager portal, fulfills MUSC Health's procedural obligations under the plan's reconsideration process.

## **REQUESTED ACTION**

MUSC Health respectfully requests that BlueCross BlueShield of South Carolina reopen and reprocess Claim MUSC-9D0C-3, reverse the duplicate denial, and issue payment at the contracted allowed amount. We have attached the remittance advice and supporting medical records for the June 27, 2026 encounter as required. Should additional documentation or clarification be needed, please contact MUSC Health Revenue Cycle at your earliest convenience.

Respectfully submitted,

**Angela R. Whitfield, RN, BSN, CPC**
