RE: Formal Appeal of Claim Denial — Trevor Turcotte (MRN MUSC1928620), Claim MUSC-2807-1

Patient	Trevor Turcotte (DOB 1960-12-23)
MRN	MUSC1928620
Member ID / Group	BCB645769552 / GRP-83794
Claim number	MUSC-2807-1
Date of service	2026-03-12
Procedure billed	CPT 99214 — Office/outpatient visit, established patient, moderate complexity
Primary diagnosis	J06.9 — Acute upper respiratory infection, unspecified
Denied amount	\$529.08
Denial code	CARC 27 / RARC N30 — Expenses incurred after coverage terminated.
Appeal deadline	2026-08-06

Dear Appeals Review Committee:

SUMMARY OF APPEAL

MUSC Health is submitting this formal provider reconsideration on behalf of patient Trevor Turcotte (MRN: MUSC7693020, Member ID: BCB645769552, Group: GRP-83794) regarding the denial of Claim MUSC-2807-1 for services rendered on March 12, 2026, at MUSC Health Ashley River Tower. BlueCross BlueShield of South Carolina denied the claim in full — \$529.08 — citing CARC 27 ("Expenses incurred after coverage terminated") and RARC N30 ("Patient ineligible for this service"), with the payer remark stating, "Member was not eligible for benefits on the date of service billed." MUSC Health respectfully disputes this determination. The coverage record on file reflects an active BlueCross BlueShield of South Carolina Choice Plus plan with a coverage period of January 1, 2024, through December 31, 2026, which fully encompasses the March 12, 2026, date of service.

CLINICAL BACKGROUND

Mr. Turcotte is a 65-year-old male established patient with a documented history of active anemia (D64.9), prediabetes, and obesity, among other conditions. On March 12, 2026, he was evaluated by Amara J. Boone, NP (NPI 1203948576) in an on-campus outpatient hospital setting (Place of Service 22) at MUSC Health Ashley River Tower. The visit was billed as CPT 99214, an office or outpatient visit for an established patient of moderate complexity, with a primary diagnosis of acute upper respiratory infection, unspecified (J06.9), and a secondary diagnosis of anemia (D64.9). The claim was submitted timely on March 31, 2026, well within standard filing requirements.

BASIS FOR APPEAL

The sole stated basis for denial is that Mr. Turcotte was not eligible for benefits on the date of service. However, the coverage documentation available to MUSC Health clearly reflects that the BlueCross BlueShield of South Carolina Choice Plus plan (Group GRP-83794, Member ID BCB645769552) carries an effective coverage period of January 1, 2024, through December 31, 2026. The date of service, March 12, 2026, falls squarely within that active coverage window. There is no indication in the information available to this facility that coverage was terminated, suspended, or otherwise interrupted prior to or on the date of service.

It is well established that a payer bears the responsibility of maintaining accurate and current eligibility data and of communicating any changes in member status to participating providers in a timely manner. If a retroactive termination occurred, MUSC Health was not notified of such action prior to rendering medically necessary care. Denying payment under these circumstances places an inequitable burden on both the provider and the patient. We respectfully request that BlueCross BlueShield of South Carolina review its internal eligibility records, including any retroactive adjustments, and provide specific documentation of the date and reason any alleged termination was processed.

The services rendered were medically appropriate for an established patient presenting with an acute upper respiratory condition in the context of active comorbidities including anemia and prediabetes, and were correctly coded and billed in accordance with CPT guidelines for a moderate-complexity outpatient encounter.

REQUESTED ACTION

MUSC Health respectfully requests that BlueCross BlueShield of South Carolina conduct a thorough review of Mr. Turcotte's eligibility status as it existed on March 12, 2026, and reprocess Claim MUSC-2807-1 for payment at the applicable contracted rate. Should the payer's records reflect a discrepancy in eligibility, we request written documentation specifying the effective date of any termination and the basis for that action, so that the matter may be resolved appropriately. Enclosed with this reconsideration are the remittance advice reflecting the denial and supporting medical records for the date of service. This appeal is submitted in advance of the August 6, 2026, reconsideration deadline through My Insurance Manager (MIM) as directed.

Respectfully submitted,

Angela R. Whitfield, RN, BSN, CPC
